2021 Berry & Asparagus Plant Descriptions

Blueberry Plants

NOTE: Full-grown blueberry plants usually yield 3-4 qts of berries in a season. Rule of thumb is to plant 2 raspberry plants per household member. (Don't forget to choose multiple varieties for cross pollination)

Climax - very early, medium to large fruited berry with good fruit quality. Sweet flavor.

Columbus - early to mid-season fruiting with strong yields and good flavor.

Onslow - vigorous grower with very large berries. Mid to late season production.

Ira - mid-to-late season with medium to large berries. Vigorous and upright grower.

Powder Blue - late season, highly productive berry. Grows upright.

Raspberry Plants

NOTE: Full-grown raspberry plants usually yield 1 qt of berries in a season. Rule of thumb is to plant 3-4 raspberry plants per household member.

Heritage - highly popular variety because of high productivity and good size, color, and flavor; known for being a good jam berry. Mid-to-late season yield.

Himbo Top - extremely large, firm, bright red fruit; good flavor; extremely vigorous and requires little fertilizer. Early to mid season yield.

Blackberry Plants

NOTE: Full-grown blackberry plants usually yield 1 qt of berries in a season. Rule of thumb is to plant 3-4 blackberry plants per household member.

Ouachita - thornless blackberry that stands erect and has excellent quality fruit, with firm, sweet berries.

Ponca - new variety for 2021. Another thornless blackberry that has been cultivated for sweetness and great flavor.

Strawberry Plants

NOTE: Rule of thumb is to plant 6-7 strawberry plants per household member for fresh eating; 50-60 plants if you plan on preserving them.

Flavorfest - June-bearing berry with vigorous growth and resistance to disease. Bright colored and exceptional flavor.

Cabot - known for its winter-hardiness and extra large, great-tasting berries.

Asparagus

NOTE: Rule of thumb is to plant 10 asparagus crowns per household member

Millennium - productive, with high quality spears, tender, and has good flavor.

Mary Washington - **NOTE: VERY LIMITED SUPPLY OF THIS IN-DEMAND VARIETY**
heirloom variety that is winter-hardy, heat tolerant, and resistant to rust.
